

Kiala

Kiala offers a high quality/low cost parcel delivery & return service, built around collection points networks, supported by a unique & powerful IT platform.

Kiala is Europe's leading service provider of delivery point networks. Such networks enable active consumers to avoid the inconvenience from missed parcel deliveries at home. Kiala allows consumers buying from a distance through catalogues, the Internet or Tele-shopping, as well as mobile professionals (sales representatives, technicians, etc.) to COLLECT, PAY FOR and RETURN their parcels quickly, where and when it suits them best. The network of Kiala Points consists of local shops (grocery stores, dry cleaners, newsagents, petrol stations, etc.) offering easy access, extensive opening hours even at weekends, no queuing and a large and secure storage area. As a result, the customer enjoys a quick delivery, within a guaranteed timeframe, and optimizes his/her time by collecting his/her when it best suits him/her.

The network of Kiala Points is supported by a unique technological platform using every modern means of communication and enables all of the activities involved in the transportation and delivery of parcels to be automated.

The network of Kiala Points is supported by a unique technological platform using every modern means of communication and enables all of the activities involved in the transportation and delivery of parcels to be automated. Kiala Points are equipped with state-of-the-art personal digital assistants combining a Palm-based hand-held computer, a scanner and a modem. The heavy administrative tasks and sources of errors are thus disappearing from the delivery process. Moreover, the customer can track and trace his/her parcel using the Kiala website and is informed instantly about the arrival or delay of his/her parcel via his/her landline, mobile phone or by e-mail. If he/she forgets to collect his/her parcel, he/she is reminded using the same means of communication. Last but not least, the Kiala delivery solution is also a lower cost alternative to home delivery.
